Rocks

Rocks, March 5.- It has been a spring-like day here today.

Mrs. Jesse Anderson and Mrs. A. T. Anderson were visiting Mrs. Harry Ranson and mother, Mrs. Mary Inge on Monday afternoon.

Mrs. I. M. Southall and Mrs. Izzie Robinson and Cassie Baldwin were visiting Mrs. D. R. Inge and Mrs. Toby Inge on Monday afternoon.

Mrs. W. F. Ranson was visiting Mr. and Mrs. C. S. Ranson at Appomattox last Sunday.

Mrs. John Ranson and Mrss. Toby Inge attended the P.-T. A. meeting at Pamplin school Monday night. Mrs. Toby Inge had part on the program.

Ned Almond and son, Hoskins, of Lynchburg called in the home of Mr. and Mrs. A. T. Anderson Tuesday night.

Cassie Baldwin was visiting Mrs. Jesse Anderson and Mr. and Mrs. A. T. Anderson awhile Wednesday afternoon late.

Mrs. Jesse Anderson left Thursday morning to spend a few days in Sandston with her sister, Mrs. W. B. Ranson, on her way to Washington, where she will leave Sunday A. M. by plane for her home in Shawnee, Kansas.

Quite a few from here attended the Open House of the Robinson Funeral Home at Appomattox over the week-end.

Right many out for the preaching service on Sunday night.

The Rocks Home Demonstration Club held its March meeting with Mrs. Toby Inge Thursday night.

Mrs. John Ranson took her husband to Lynchburg again Thursday to get his hands dressed. He is improving nicely.

Mr. and Mrs. L. C. Elder spent last week-end in Richmond with Mr. and Mrs. O. L. Payne.

Friends are sorry to hear Wiley Dickerson, of Lynchburg, has been in the hospital again.

Miss Gtrerude Ranson, of Appomattox was visiting in the neighborhood Sunday.

Mrs. Mary Inge spent the week-end in Appomattox with her son, Holmes, Sr., and his family.

Mr. and Mrs. J. P. Ransone, Jr., and sons, Jack and Tommy, of Norfolk spent the week-end here with Mrs. D. R. Inge and Mr. and Mrs. Toby Inge and family.

Mr. and Mrs. Richard Inge and family, of Farmville were visiting in the same home on Sunday afternoon.

Dial 2811 with Personals.

Pamplin

Pamplin, March 6.- Mr. and Mrs. Keith Quick and son, Keith, Jr., and Mrs. Raymond Moore, of Schuyler, were recent visitors in the home of Mr. and Mrs. W. J. Payne.

Mr. and Mrs. C. W. Slayton and C. W. Jr., spent Sunday with Mrs. Mamie Sink, of Roanoke.

Mr. Lloyd Coleman and son, Joel, of Hixburg visited in the home of Mr. and Mrs. W. J. Payne last week.

Miss Ann Terry, of Richmond, spent the week-end at her home here.

Visitors in the home of Mr. and Mrs. C. W. Slayton last Tuesday were Mr. and Mrs. Leonard Slayton, Carl and Mable Slayton, of Farmville, and Mrs. Hairfield, of Axton.

Pamplin and vicinity were shocked to hear of the sudden death of Mrs. Tom Davis, who passed away about midnight Saturday. Deepest sympathy is extended to the bereaved family.

Mr. and Mrs. K. L. McClenny, of Farmville visited relatives here Sunday.

Mr. W. C. Dudley spent last week at V. P. I., Blacksburg.

Mrs. H. T. Terry returned to her home Sunday after spending some time with her son and daughter-in-law, Mr. and Mrs. Chat Terry, of Critz.

Comment On Sports

By Pete Fritchie

Washington, D. C.- The National League baseball picture is not as complicated, this training season, as is the American League picture. In the junior loop there are five teams which might win the flag—and a sixth strong one.

In the National, Brooklyn completely outclassed the competition last year and the question is whether there are teams in that circuit which will put up a good fight for the pennant this year.

There is this in favor of the challengers: first, Brooklyn's stars are not youngsters, for the most part. Second, they haven't got Johnny Podres, who won the World Series for them. Third, there will be some improvement shown by several competing teams.

Fred Hutcheson is new at St. Louis. There he will try to take Stan Musial, who is only a year round so much longer, and the other regulars and youngsters, and get the Cardinals back into the flag fight.

Chicago's young team, which lead the league a while last year, will probably be stronger. But St. Louis and Chicago finished 7th an d 6th last year. It looks like New York and Milwaukee will have to provide the keen competition again in 1956.

The Phillies and Redlegs, who take in 4th and 5th, may get into the act, but neither looks like a pennant winner. If Chicago and St. Louis are years away, Brooklyn may have another comparatively easy year. In fact, the greatest single key to Brooklyn's chances lies in the Brooklyn team and not the opposition.

If the Dodgers can field a team as tough, or about as tough, as last year, they will win the pennant again. If they are considerably weaker this year, then there might be a fight for the flag. Robin Roberts could lead his Phillies into a flag fight, but it will probably be Milwaukee, which was due to be stronger last year than the Braves proved to be, that will be a hard challenger.

The Dodgers have a rosy prospect, when their defending job is compared to that which faces the New York Yankees. The Yanks face Cleveland, which took their series with the Yanks in 1955, 13 to 9; Boston, which is coming, and Chicago and Detroit. Only Detroit might not be tough, though the Yanks barely managed to get a 12-10 break with the young Bengals last season.

The Dodgers wound up the 1955 season thirteen and a half lengths ahead of Milwaukee and eighteen and a half in front of the Giants. The Phillies, in the first division, at fourth place, were more than twenty lengths under.

ONE WAY TO DO IT

Providence, R. I.- When Radio Announcer Bruce Williamson wife called him at the station to say their 1-year-old daughter had locked herself out of the house, Williamson, knowing the radio was on at his house, directed an announcement at his daughter, warning her of the consequences if she did not open the door. In a few minutes, Mrs. Williamson phoned back to say that daughter Blaine had opened the door.

WALKING BANK

Chicago.- After making a purchase at a department store, Mrs. Piekaraz forgot and left her purse, containing $1,450, on counter. The store owner turned the purse and money over to police, who notified Mrs. Piekaraz. Asked about the large sum of money in the purse, Mrs. Piekaraz explained she always carried large sums of money because "I don't trust banks."

We have always wanted to vote for the man of our choice, but we have almost given up hope that he'll ever become a candidate.

—Cincinnati Enquirer.

Health and Beauty

The new trend in makeup is to use as little of it as possible but to use what you do use with skill and care. The day of the heavy pancake type makeup is definitely over. Today makeup not only looks better but is much better for your skin.

Most of us need a light foundation to start with to give us a pink glow and to cover minor defects. Experiment until you find the color and weight that does the most for you. If you have a dry skin, an enriched type base will do wonders for your complexion. If your skin is oily, never use an oily type base. This will cause you trouble sooner or later. You will want one of the dry cake types. The newer ones are just as good at hiding blemishes as those with an oil base.

Read the directions on the foundation and apply accordingly. Some bases require the application of rouge before the base is applied and some after. This can be very important. Your choice of rouge should be determined by several things. If your skin is oily, never use a paste rouge. You will want a cake or liquid type. The color must be one that matches or blends with your lipstick and general coloring.

Where you apply your rouge can detract or add to the shape of your face. Usually, a person looks better if the rouge is applied to the upper glow and to cover minor defects. bone. Keep the rouge high for a more youthful look. Apply with a light touch—for too much will make even the most likable seem cheap.

Eye makeup is a must but should never be used obviously. You can get by with more at night, but even then, use it to enhance what nature has given you, not to create something new.

Powder is a very personal thing. It may take some time to discover just what you need. Most cosmetic houses give small free samples to their distributors to pass on to their customers to help them decide on a flattering color of powder. Ask for some samples next time you must purchase a box of face powder.

In Fashion Now

Leather is a new favorite for suits and coats this spring. The colors are unlimited. A leather skirt, a leather and tweed jacket and soft wool blouse in the same color makes a wonderful outfit. The leather can be cleaned with warm water and soap on a damp cloth.

Soft kid great coats are expensive but a wise investment if you need a sport coat. With good care it will last for ages and is warm and light-weight.

The new hats are bulkier and, after such a long time with tiny hats, they are a welcome change for most of us. There are so many different shapes that there is something becoming for everyone. Don't invest in an extreme design unless you feel completely at ease in it. Instead, try one of the modified numbers.

The shoe of middle color value, is back. The most important color range is beige, very pale to medium tan. Pastel shoes with matching costume or a harmonizing costume will be good for late spring and all summer. In shape the new shoes will be smooth-looking, unadorned pumps with folded top lines and straighter sides. Both toes and heels are slimmer. Spectator pumps are coming in for a big revival and strap pumps are still news.

New spring and summer bags seem to be flatter and more elegant. The favorite shape seems to be envelopes and flat, squared-off shapes. Gloves are wrist-length or eight-button. Pale tones in stockings go with the new pale tones in shoes. Sheer meshes look well with spectators, sandal-foot stockings with sandals.

Plastic materials will be used for bags and shoes even more than last year. Women like the lack of care these plastics require. Plastic, enforced with steel, is being fashioned into eye-catching heels for all types of shoes.

MRS. ZACHARIAS SPEAKER AT DINNER MEETING OF WOMAN'S CLUB HERE

Mrs. O. E. Zacharias, Jr., of Richmond, Legislative Chairman for the Virginia Federation of Woman's Clubs and Chairman of the Virginia Council of Legislative Chairmen of State Organizations, was the after-dinner speaker at a meeting of the Woman's Club of Appomattox Monday evening in the high school cafeteria. This program was sponsored by the American Home Department of the local club, of which Mrs. Frank F. Carr is chairman.

The speaker was introduced by Mrs. J. W. Flood. Mrs. Zacharias sketched the extensive activities of her club work and her efforts in welfare work relative to emotionally disturbed children.

She declared that there was an urgent need for a hospital for emotionally disturbed children, and she cited ten reasons why this hospital should be constructed. She said, "We must remember that an ounce of prevention is worth a pound of cure, and that it is economically sound to have a program of prevention."

The speaker elaborated on needs for expansion of service in mental hygiene clinics and for additional clinics. "More clinics mean more mentally healthy people . . . ways and fewer accidents."

Accompanying Mrs. Z... was Mrs. Thomas E. C... lative Chairman for ... League of Voters.

Other guests of the ... meeting were Mr. and ... Robinson, of Lynchburg ... Anderson, Home Agen... ber of home demonst... members; the Rev. Lee B... the Rev. Charles W. N... Mr. and Mrs. Twyma... Sgt. and Mrs. Jack Cox...

Mr. and Mrs. Billy Reynolds and sons visited her parents Sunday.

Mr. A. C. Almond, who has been on the sick list for several days, is improving.

KASCO MILLING CO. MERGES WITH WHITMORE FEEDS

In a joint statement today, Robert F. McLeod, President of Chas. M. Cox Co., manufacturer of Wirthmore Feeds, and Wallace Young, President of Kasco Mills announced that effective immediately Kasco will become part of the Wirthmore organization.

This step has been taken as part of a broad expansion program planned by Wirthmore Feeds, and by Corn Products Refining Company, parent company of both Wirthmore and Kasco.

For some years Wirthmore has been the largest manufacturer of poultry, dairy and stock feeds in New England. Acquisition of the sales, service and manufacturing facilities of Kasco Mills will enable both companies to provide better service to customers in the entire area from the Atlantic coast to Ohio and Michigan, according to company spokesmen. In addition to its four mills in New England, Wirthmore has a manufacturing plant at Olean, New York. Kasco will make both Kasco and Wirthmore Feeds at its mills in Waverly, New York and Toledo, Ohio. Kasco feeds will be available only from these two mills.

Wirthmore feeds will be available from all mills, and will be sold through both Wirthmore and Kasco farm feed dealers.

Meetings in Scranton and Pittsburgh were held recently to acquaint employees of both companies with the merger and to coordinate activities of sales and service personnel.

Liberty Chapel

Liberty Chapel, March 6.- Mr. and Mrs. Marvin Reynolds and Becky visited relatives in Lynchburg Sunday afternoon.

Mrs. Bill Sperry and Wendy and Mrs. Paul Thornhill were dinner guests Thursday of Mr. and Mrs. Woodson Smith and Don Owen, of Randolph.

Mr. and Mrs. Sam Thornhill and Laura visited Mrs. Lillie Garbee, of Lynchburg Sunday afternoon.

Washington Notes

CONSUMER PRICES

The U. S. Consumer Price Index declined 0.1 per cent from mid-December to mid-January, according to the Bureau of Labor Statistics. Lower prices for pork, beef, eggs, fresh milk, fats and oils and coffee contributed to the decline, but substantial increases for fresh vegetables opset much of the reductions.

INCOME TAXES

In the forty-three years the Government has been collecting income taxes, it has received about 560 billion dollars, 500 billion of which has been collected since Pearl Harbor. The income tax began in 1913, as a 1 per cent levy ranging upward to 6 per cent on incomes of half a million dollars or more. Corporations paid a 1 per cent income tax in 1913.

AIR FREIGHT

A new type of low cost air freight service — "deferred air freight"— has been established by the Civil Aeronautics Board. Scheduled airlines have been authorized to accept deferred air freight when they have space available, at a minimum of 55 per cent of the lowest rate allowed for regular air freight, on shipments in an easterly direction, and 65 per cent of the lowest rates on all other shipments. Minimum air-freight rates are now 20 cents a ton mile for the first 1,000 ton miles and 16 1-4 cents for each additional ton mile. A ton mile is the carrying of one ton for one mile.

U. S. BUSINESSES

At the end of 1948 there were about 4,000,000 business concerns in this country, and from 1949 through 1952, there was a net gain of about 50,000 a year. Since then the business population has been stable at around 4,200,000, according to a recent survey. More than 3,000,000 firms have only one, two or three paid employees, and 85 per cent are non-corporate. Only one-tenth of one per cent of the nation's firms have more than 1,000 employees.

RUSSIAN TRADE

The Russians have placed orders for $1,500,000 worth of farm machinery and equipment and for $1,700,000 worth of hybrid seed corn in this country in the past two months. Licenses for $500,000 worth of machinery, part of which is to be shipped to Rumania, and for $250,000 worth of the seed corn, have already been issued by the Bureau of Foreign Commerce of the Department of Commerce. Applications for the rest have been filed and are under processing at the bureau.

FIRE LOSSES

Estimated fire losses in the United States during the month of January totaled $96,972,000, according to the National Board of Fire Underwriters. This was an increase of 28.8 per cent over losses reported during January, 1955, and an increase of 8.7 per cent over losses during December, 1955.

CAR POOL

The cost of operating the Government's pool of automobiles and other vehicles was reduced by $11,000,000 last year, despite an increase in gasoline prices, it was recently reported. Pool cars were driven 1,800,000,000 miles, a drop of 75,000,000 from the previous year. As of last June 30, the Government owned 211,198 cars, trucks and jeeps.

U. S. AIR ACADEMY

The new Air Force Academy seems to be twice as alluring to future military leaders as the Army and Navy academies. Some 11,200 young men have been nominated for the three service academies, and of these some 5,500 have their sights on the Air Force Academy, which will begin its second year in temporary headquarters at Denver, Colorado.
